Ideal appliance to make fresh fruit juices (lemons, oranges, and grapefruits)

Designed for all those in the trade offering on their menus fresh fruit juices, cocktails or smoothies...

Lever Juicer Evolution 70

Internationally patented models

Since 1954

Lever Juicer -

The new lever juicer - evolution 70 is the result of 50 years worldwide experience in the field of citrus juicers.

Handy (removable squeezer and bowl), **efficient** (maximum juice extraction with the new helical squeezer) and **reliable**, this appliance allows you to make citrus juices either in a glass or in a jug.

High output: just cut your citrus half and press. You will easily extract 20 to 50 litres per hour (5 to 10 gallons).

For use everywhere you need a fresh squeezed citrus juice: juices bars, health food stores, hotels, bars, restaurants, cafeterias, ice cream shops, institutions, hospitals...

Evolution 70

Performance - Easy to use

www.santos.fr

New squeezer

Special tip to squeeze all types of citrus: lime, lemon, orange or grapefruit

Removable stainless steel perforated strainer with centrifugal action. It allows you to get the maximum juice extraction and a pulpy juice

Easy to use and clean:

- removable stainless steel bowl, cone and cup
- less cleaning thanks to the centrifugal action
